REPUBLICAN

Resolved, That the honor and glory of the Republic, its continued peace, prosperity and progress will be the best served by the perpetuation and continued success of the Republican party. We declare our fidelity to its principles as expressed in the Chicago platform of 1889, and as further embodied in its great history from its organization to the present time.

Resolved, That in the tragic death of President Garheld our country has suffered a deplorable loss, and the kepublican party mourns for one who consecrated a noble and heroic life to the vindication of its great purposes.

Resolved, That we have taith in the prudent and sagacious administration of President Arthur and believe it will result in promoting the best interests of the country.

Resolved, That the presence in our midst of a servile race of aliens, incapable of assimilation with our institutions, is a perpetual mensec to all classes of society. The relief extended to our people by the passage of a law evoluding the Unimes by a Republican President, is a genuine cause of satista tion. As free institutions they should be conducted as to satisfy poor and rich aftire, and upon this prinicple we arge the adoption of some system by which this State shall furnish the text books at the lowest possible figure.

That owing to the remote position of Nevada from the seaboard and the entire absence of navigable waters and competing lines of railroads to and from commercial centers, we demand from Congress such wholesome and effective legislation as will place our people on terms of equality in respect to transportation charges with communities specially favored by railroad monopoles.

Resolved, That we pledge the Republican party of Nevada to such a course of enlightened legislation as will extend to railroad and all other corporations deling business in this State the same protection and the same rights before the law as are accorded to individuals—no more and no less.

And further, that the Republican party favors and demands, at the hands of the State Legislature, legislation regulating and equalizing freights and fares on all railroads within this State.

THE REPUBLICAN STATE

Comments of Leading Newspapers Upon the Nominees.

WELL RECEIVED. Austin Cor. Lander Free Press.

The first thing to claim our attention in these days of political conventions. what has been and what is being done at them. The nominations made by the Republicans at Reno seems to give general satisfaction, especially those of Powning and Tuffy, while Strother and Laughton will receive the hearty support of all good Republicans, known by many. The balance of the text of the Republican platform as ticket attracts but little attention so far but the impression prevails that it is an excellent ticket throughout and on the subject of railroad fares and ought to win.

THE STATE TICKET.

[Carson Appeal 7th.] Never in the history of the State has a Convention met where there was so general a disposition manifested for the delegates to cut loose from all control and act in accordance with their own judgment. The result is a ticket which inspires every Republican with the hope that the reverses of the last campaign will be forgotten in the victory which is to be won this Fall. The ticket will put new life and new blood into Republideliberate and careful work of a thinking body of men whose ardaous duties were performed with a sole regard for the interest of the party at large. It is a ticket which will grow in strength each day of the campaign and pall a decanism. The nominations show the deliberate and careful work of a thinkcisive majority in November. The platform and resolutions, printed in the APPEAL of yesterday is a telling address to the people of Nevada, and no important question of public policy has been evaded or shrinkingly met. With such a ticket no uncertainties can cloud

the outlook or result. MUST AND WILL WIN. Carson Index 8th.

Our State Republican ticket as a Our State Republican ticket as a whole is being well received and the repromises. Read our platform and be whole is an evident intention among the rank wise. Support the ticket that reflects is an evident intention among the rank and file to support it with their votes its noble sentiment and be thereby the on the 7th of next November.
